2 wide product ranges  
The best choice

Delphi offer

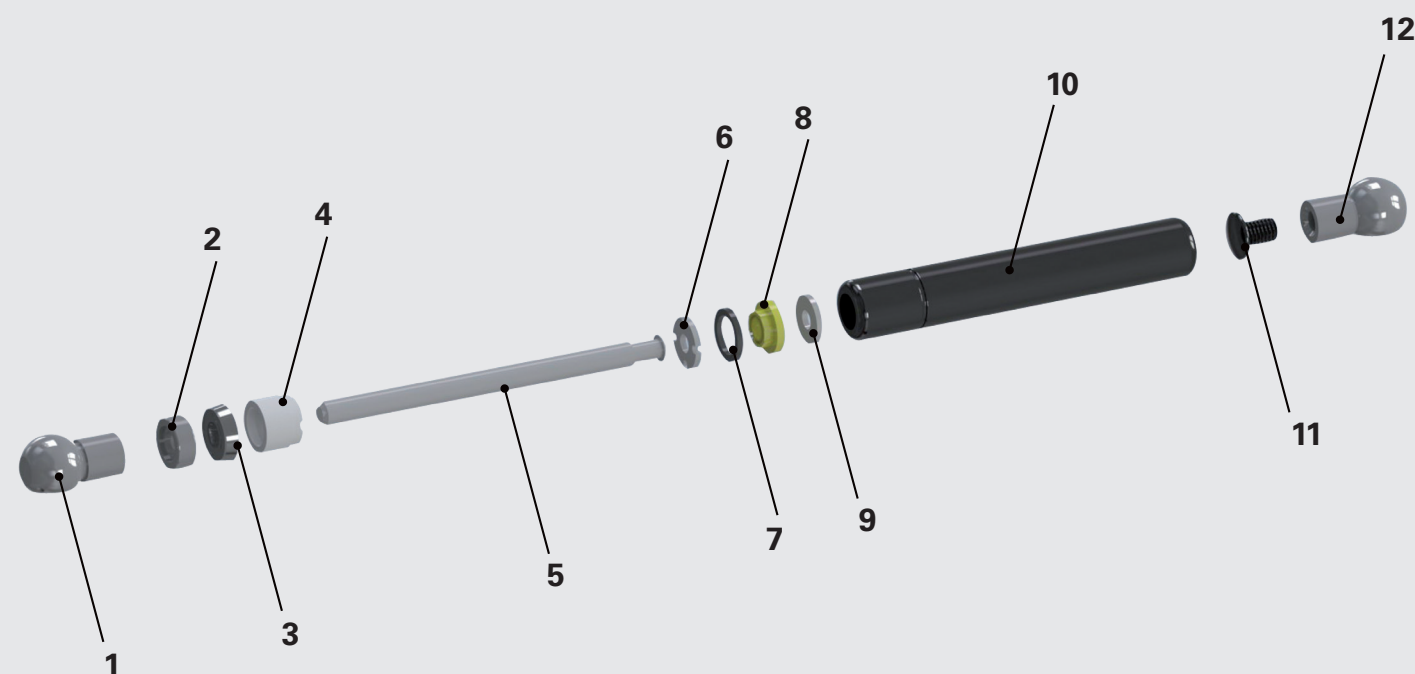

#### Delphi dynamic gas spring range

#### Delphi hydraulic gas spring range

#### Delphi gas spring technology

- |                    |                        |   |
|--------------------|------------------------|---|
| 1. End fitting     | 5. Nitrated piston rod | 9. Washer                               |
| 2. Support bearing | 6. Piston support      | 10. Phosphate treated painted tube body |
| 3. Seal            | 7. O-ring              | 11. Thread                              |
| 4. Support bearing | 8. Piston              | 12. End fitting                         |

#### Braking

Delphi offers a comprehensive range of braking parts with over 8,500 part numbers. Delphi parts are manufactured for original equipment (OE) or to match OE quality. The range is comprised of: brake pads and brake discs, drum brakes and shoes, fitting accessories, wheel cylinders, brake and clutch hoses, master and slave cylinders, calipers, brake fluids, brake fluid safety meter, pressure bleeder and universal adaptor kit, and ABS speed sensor.

#### Steering

With over 4,000 references, Delphi offers one of the most comprehensive ranges in the market. It is comprised of: wishbones, track control arms, tie rods, rubber to metal parts, ball joints, link stabilisers, rack gaiters, aluminium parts and steering & suspension kits. All products are hard marked with the Delphi brand to ensure the seal of Delphi origin and high quality standards.

#### Thermal system

With over 1,700 part numbers, Delphi offers one of the most complete range in the market: compressors, condensers, evaporators, cabin air filters (particle and activated carbon), receiver driers, accumulators, cartridge driers, radiators, blower motors, heater cores, orifice tubes, expansion valves, charge air coolers and pressure switches.

#### Diesel

With over 10,000 references, Delphi is a world leader in the innovation and manufacturing of diesel fuel injection systems and components. Our comprehensive portfolio includes: common rail, diagnostics, electronic unit injector and pump, filtration, fuel treatment, nozzles & injectors, rotary pumps & parts, starting aids, tooling & test equipment and bio fuel analyser.

#### Diagnostics

Delphi proposes a tailored solution for each customer, available for both cars and heavy duty vehicles: your own PC, PDA, convertible Netbook and Tablet PC.

#### Shock absorbers

The Delphi range contains over 1,900 references: Delphi Performance (monotube gas high pressure or twintube gas), Delphi Comfort (twintube hydraulics or twintube gas), Delphi Air Modules (high pressure twintube and monotube), Delphi Top Mounts and Protection Kits, coil springs.
